

Medical Director's Greetings

Pediatrician Dr. G. Singogo

"Greetings, welcome to Chisomo Hospital on behalf of the Hospital Board members and the Staff.

This Hospital was borne out of the vision of a missionary Korean couple.

This couple was burdened to minister not only spiritually to vulnerable children,

but also to minister to them physically by offering quality affordable health care to them.

Our prayer is that you will share in our mission to uphold and execute strong biblical values and beliefs which is to bring Glory to the Lord

Jesus Christ.

Once again you are warmly welcome to Chisomo Hospital"

Introduction

Stump Mission Inc. Zambia is a branch of Stump Overseas Mission. It was registered with the Register of Societies in Zambia in 1996.

The purpose of the mission is provision of medical services to the less privileged in and around communities in the city of Lusaka.

Periodical Visits in the Rural Setting of Lusaka province revealed that there were many less disadvantaged persons in these communities who had no direct access to basic medical facilities. Provision of basic medicines through mobile clinics did not provide lasting solutions to the problems most of the people encountered.

Through the Grace of God Stump Mission Inc. Zambia's vision of harnessing and providing medical services from our vantage point came to fruition – the idea of constructing a permanent building came to fruition hence the emergence of CHISOMO HOSPITAL.

The Branch did not have the muscle to commence the Hospital Project on its own. However, through GOD's GRACE our coworkers in the field decided to support the vision. The hospital is named "CHISOMO" which in the word Nyanja language means 'grace', we felt God's Grace can only be glorified by interpreting the grace of our well wishers in the local name "CHISOMO".

Vision

To dispense basic medical service to the disadvantaged in our communities – and to utilize this contact to reach out to many people and show them the LOVE God has given mankind through the salvation found in his son Jesus Christ.

To teach the Word of God through Health Care to the sick.

Operating Policy

Priority to less disadvantaged in our society with specific bias towards the vulnerable and orphaned children.

Challenge

The needs of the disadvantaged in our communities are immense. Your material and financial support has been the life time of Stump Mission Inc. Zambia. The medical needs by our less privileged in the community are countless. We can only be able to expand our services through you continued final, material and moral support. For any kind of donation to the hospital kindly contact or you may make your cash donation to:
